

# LIFESTYLE MEDICINE OFFICER

---

## In2MedSchool

In2MedSchool is a widening participation initiative that consists of a group of medical students and junior doctors helping underprivileged school children apply to study Medicine and related subjects at University.

## Acceleration Programme Team

The In2MedSchool Acceleration Programme is a brand new scheme that aims to set up MedSocs in secondary schools/colleges where the number of students applying/getting into medical school is very low. We will run sessions in these schools throughout the year to help potential medical school applicants with their application process, as well as help teachers gain an awareness of what a medical school application process involves, which helps make the programme sustainable.

---

## Role Description & Requirements

We are looking to recruit a Lifestyle Medicine officer to oversee the lifestyle medicine events and produce academic-related events to our schools/students signed up. The officer will also get opportunities to write up abstracts/publications around the impact of teaching lifestyle to secondary school students are allowed.
